Systems for
Acute Care
Environments**

HOW THE UNICAS SYSTEM WORKS

Simplify and modernize your medical supply chain management efforts with UNICAS

What separates UNICAS from the competition is the approach we take to medical supply chain management because our systems go far beyond just application-specific storage. Our combination of Lean manufacturing practices and Kanban item management makes all the difference. The UNICAS system is engineered to integrate seamlessly with your operation and scale sustainably as your business's needs grow.

Supplies are intuitively organized and easy to find

Nurses get what they need faster

Supply technicians restock items more accurately

Achieve greater efficiencies and cost savings

**Purpose-Driven Lean Philosophy +
Two-Compartment Kanban System =
The UNICAS System**

Why UNICAS?

We have over 20 years of real world experience helping hospitals manage their supply chains more efficiently and believe that efficient point of use solutions are critical to performance in healthcare settings. Our mission is to create progressive supply chain management systems to improve results for both materials management and nursing.

The UNICAS Difference

USA-made products and manufacturing

Unmatched lead times and fast shipping

Industry-leading customer support

Consistent PAR inventory levels

Open High Density Storage Racks

Our mobile open storage rack system provides maximum storage space for any room.

UR40-Start
w/ sample basket layout

UR40-Add

UR60 Start
w/ sample basket layout

UR60-Add

Features

Up to 60% additional storage

- Attain 60% more storage space per square meter/foot than wire shelving

Flexible storage

- Interchangeable baskets can be configured for the exact size and quantity of supplies being stored eliminating dead air space

Ergonomic design

- Baskets can be angled so those at the higher levels can be fully accessed

Color-coding system

- Color-coded basket labeling allows staff to quickly grab what they need without sorting through drawers or cabinets

3" medical grade casters

- (2) Top brake casters (front)
- (2) Swivel casters (back)

Durable powder coat finish

UR60-Start + UR60-Add	36 in	76.5 in	26 in

Open High Density Trolleys

Our sturdy yet lightweight mobile trolleys are incredibly mobile to move supplies throughout hospital grounds.

UT60-1

UT60-2

UT60-3

Features

Lightweight design

- Effortlessly portable, providing convenience in maneuvering and optimizing ease of use

Handle for easy movement

- Enhances user navigation

Enhanced stability

- Our extended base provides enhanced stability, ensuring secure and wobble-free movement when transporting medical supplies

Protective bumpers

- Corner bumpers act as a cushion, minimizing the impact and reducing the likelihood of damage to both the trolley and its surroundings

Optional cover available

- Improves cleanliness of supplies on the trolley

5" medical grade casters

- (2) Top brake casters (front)
- (2) Swivel casters (back)

Durable powder coat finish

Product Identifier	Width	Height	Depth
UT60-1	25.46 in	70.6 in	25.84 in

Medical Procedure Carts

Our medical procedure carts are built around our completely customizable basket and tray system to streamline the efficiency of healthcare procedures.

Two of our most popular models

TKPS4100-B

TKPS5100-B

Features

Organized Storage

- The cart offers built-in divisible drawers for optimal organization of supplies

Mobility

- With smooth-rolling 5" casters this cart ensures effortless mobility

Durable Construction

- Crafted from high-quality materials, our Medical Procedure Cart is built to withstand the demands of a medical environment

Customization Options

- Tailor the cart to meet specific needs with customizable drawer configurations

Security

- Wing, key, and keyless electronic lock options are available to provide secure storage for sensitive items

Enhanced Stability

- Our outrigger stabilizing frame provides enhanced stability, significantly reducing the risk of tipping over

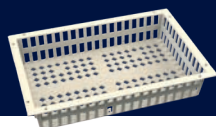

5" medical grade casters

- (2) Top brake casters (front)
- (2) Swivel casters (back)
